LMJH PHILOSOPHY

It is the aim of Monteleone Junior High to help our students become conscientious, self-directed, and productive members of a changing, culturally diverse society. We recognize that our students come to us with different backgrounds, values, abilities, and learning styles. Through our guidance as teachers, we will strive to see that each child succeeds as a confident individual who is a responsible, cooperative, and contributing member of society. It is also the task of the faculty to meet the needs of individual students in order that they be better prepared to achieve their maximum potential.

We believe that growth can occur when the school and classroom offer activities and learning situations in which each student is invited to actively participate. It is the duty of the faculty and staff to motivate, challenge, and direct the students in their growth and development.

Finally, it is the desire of the faculty to create learning situations that are of relevance to students. As a result, our students may value education and its benefits to their future.

LMJH MISSION STATEMENT

In an environment of mutual respect, the Monteleone Junior High community's continuous commitment is to value and address students' needs through a variety of learning processes, resulting in the application of knowledge in meaningful contexts across the curriculum and throughout life.

BELIEFS

- * The primary focus of the school is to educate each student in order that they can become self-confident, motivated, lifelong learners.
- * The educational program allows students to have access to a variety of resources, technology, and teaching styles that are appropriate and meaningful for their learning needs.
- * Our school promotes an atmosphere of safety, fairness, and respect for others.
- * Parents, faculty, administrators, students, and community members share in the responsibility for providing a positive learning environment in order to enhance self-esteem and mutual respect.
- * The school provides a variety of extracurricular activities to enhance the physical, social, intellectual, and creative development of all students, allowing each to feel welcome in the school community.
- * Faculty dedication and commitment is apparent and reflected by the respect and support shown by the community.

- * By working together, parents, faculty, students, and administrators promote an atmosphere of fair and open communication.
- * The school community is committed to continuous evaluation and improvement.

School policies stated are in accordance with the St. Tammany Parish Handbook on Attendance, Discipline and Student Records that will be given to each student the first week of school.

ABSENCES

- * Regular school attendance has a positive effect on students' success. Students and parents need to refer to the Parish Handbook for all state and parish policies regarding excessive and excused absences.
- * Upon returning to school after an absence of any length, the student must bring a signed note (on a full sheet of paper) from a parent explaining the absence. The excuse should contain the following:
 - a. The date the excuse was written.
 - b. The date(s) of the absence.
 - c. The reason for the absence.
- * Any written excuse from a parent or doctor must be presented to the office of student services upon arrival to school within 2 days of the absence.
- * It is the student's responsibility to check with his/her teachers to set up a schedule for completion of all work missed.
- * If an excuse is not brought within two days upon the student's return to school, a zero for work missed will be given.
- * Students who are absent from class due to school sponsored activities are given excused absences.
- * An excused absence is recorded as an absence.
- * Students absent 10 days or more in one year may be retained or required to make up seat time.

BALLOONS AND FLOWERS

Balloon and flower bouquets should not be delivered or brought to school because of the safety hazard on buses and the distraction they cause in classrooms and hallways.

BLUE LIST

Students who have been assigned Saturday Detention, In School Support, Exclusion, or Suspension will be placed on the Blue List. Students on the Blue List will NOT be allowed to attend the next school dance or, possibly, other school functions. The List starts over after each nine weeks or when determined by the administration. The Blue List will also be used to exclude students from activities that may be part of the school's positive behavior support plan.

CAPS

No caps, bandanas, scarves or other head gear will be allowed on campus during school hours, on field trips or at dances, unless it is a designated "CAP DAY."

CHECK OUT PROCEDURES

- * Any student who needs to leave school due to illness must check out through the office.
- * The student's teacher should call the office and ask a parent to be notified, unless the child is too sick to remain in the classroom. In that case, the student will report to the sick room and wait for a parent.
- * No student will be allowed to check out unless a parent or guardian as designated on the student's emergency card comes to the office to sign him/her out.
- * Students must bring a written excuse for any class missed due to checking out of school.

DISCIPLINE PROCEDURES

Philosophy

Students attend school in order to learn, and learning cannot take place when students do not act appropriately. Teachers come to school to teach, and teaching cannot be done when behavioral disruptions occur. We feel that all students can behave in such a manner that these two objectives - learning and teaching - may be met.

Behavior Rules

- * Students must follow directions of school personnel.
- * Students must stay in designated areas before, during and after school.
- * No student may leave class or campus without permission.
- * Students should have a pass to leave the classroom for any reason.
- * Students should keep the campus free of litter and graffiti.
- * Students must obey all duty teachers before school, at lunch and after school.
- * Vulgar language or gestures will not be permitted on campus.
- * Students are to refrain from actions or play that could be dangerous. Rough play, running in crowded areas, throwing things, contact sports and any inappropriate physical contact are prohibited.
- * Public displays of affection are prohibited on campus.
- * Students should be familiar with and follow all guidelines in the St. Tammany Parish Handbook on Attendance, Discipline and Student Records.

School Wide Protocols

- * Silent Signal -Teacher raises hand and waits for students to respond by raising hands
- * Ask relevant questions at the appropriate time
- * Raise hand and wait to be called on
- * Rule of no repeats
- * Respectfully listen

We would also like to encourage you to talk with your child about this topic as well as other general safety issues.

STUDENT MESSAGES

This transcript is furnished without charge by the school.

STUDENT RESPONSIBILITIES

We at Monteleone Junior High School feel that our students must learn to be responsible for their own belongings. Any class assignments, materials and textbooks are to be brought to class on time. It is the student's obligation to have the needed supplies, and he/she will not be allowed to leave class for any reason, such as going to the locker or using the telephone.

All textbooks at Monteleone Junior High School are the property of the State of Louisiana. Any loss or damage will result in a monetary fine. If a textbook is lost, the student must pay the original price for it before a new textbook is issued.

Writing in a textbook constitutes damage to it. Most new textbooks cost in excess of \$90.00, so extra care should be taken. The student should check the textbook for damage when received and make the teacher aware of any damage found.

ELECTRONIC EQUIPMENT

Possession and Use of Electronic Communication (Wireless Devices)

The student is governed by the Student Use of Instructional Technology Policy which can be found on www.stpsb.org under Policies/Curriculum and Instruction.

The St. Tammany Parish School Board desires to promote an environment that is conducive to instruction and learning. Wireless devices used by students to communicate with others inhibit the creation of such an environment and is disruptive to the learning process. The Board also desires to protect students' personal privacy, while on school property and at school events. The emergence of camera wireless device technology has created a new set of privacy and data protection challenges for school officials. Thus, the use of any type of photographic equipment to tape images or sound recordings that are in violation of law or otherwise invade the privacy of other individuals is prohibited and will result in discipline according to policy. Any exception to the prohibition of wireless devices requires the advance permission of the school principal. This prohibition shall be strictly construed in favor of protecting the privacy of all individuals.

Under this policy, the term "wireless devices" includes, but is not limited to, cellular phones (whether analog or digital), camera phones, beepers, pagers, text messaging devices and PDA's that are used as telecommunication devices or to transmit text messages, as well as any other wireless electronic telecommunication devices.

Students shall be allowed to possess a telecommunication device (cell phone) on a school campus during the instructional day or on the bus to and from school provided the device is turned to the off position, completely stowed away, and not in use. Stowing of cell phones is defined as being placed in the student's locker, school bag, or purse and shall not be displayed in view using any type of clip or other device. If a student is found using a cell phone, displaying a cell phone, or in possession of a ringing cell phone during the instructional day or on the school bus, the disciplinary procedures as outlined in the District Handbook for Students and Parents shall be utilized as a consequence. The Superintendent or his/her designee may authorize exceptions to this policy on an individual, case by case basis. Nothing in this policy shall prohibit the emergency use of electronic telecommunication devices by any student or person. Emergency shall mean an actual or imminent threat to public health or safety

which may result in loss of life or injury. Use or operation of an electronic telecommunication device shall mean the device is either visible or turned on position for receiving or transmitting signals. Possession and/or use of other electronic devices by students shall be prohibited unless authorized by the Superintendent or his/her designee. The School System will not be responsible for lost or stolen electronic devices.

Any student found using a cell phone, displaying a cell phone, or in possession of a ringing cell phone during the instructional day, may have the cell phone confiscated by the principal/designee and have disciplinary consequences. The parent/guardian will be required to retrieve the cell phone from the school principal/designee.

Progressive consequences will be followed as outlined below:

No records will be sent to another school until a student has been properly cleared.

The note must include the student's name, drop off point, bus number, date, and contact number for parent. The note should be brought to Student Services before school. If the principal approves the request by signing it, the bus driver will allow the "visitor" to board the bus if space permits.
